EXPERIENCE – (2 Years)

NAME	: Infoview Technologies Pvt Limited, Chennai
POSITION	: Trainee Engineer
WORKED FROM	: August 5, 2019 To November 2, 2020
PROJECT	: Supply Chain Management
TEAM	: Cost
Experience	: 1 Year 3 Months

The project requires high quality standard of code with zero sonar violations. Experienced good knowledge on Supply-Chain Management. Hands on Java Spring Boot framework helps me to design and develop web applications. Modified existing application to correct errors, upgrade interfaces and improve performance. Collaborated with team members to create application's system analysis based on client req. Directed software design and development while remaining focused on client needs

NAME	: Vaken Technologies, Chennai
POSITION	: Engineer
PROJECT	: Sova
TEAM	: 3GB Delta
WORKING FROM	: November 2, 2020 – December 31,2020
EXPERIENCE	: 2 Months.

Sova is a No Coding Platform which is designed and developed mainly for developing web application. Here I developed Admin Screens based on the client requirements for the E-Commerce Site where admin can perform CRED operations for the products. Gained a knowledge on client interactions and how to satisfy their needs through the requirement documents.

NAME	: Vaken Technologies, Chennai
POSITION	: Engineer
PROJECT	: JEOL
TEAM	: JEOL
WORKING FROM	: January 1,2021 – Present
EXPERIENCE	: 6 Months.

Hands on Java Spring Boot framework (backend) and Angular Js (frontend) helps me to design and develop highly standard web applications for a Japanese customer named JEOL. Collaborated with team members to create application's system analysis based on client req. Directed software design and development while remaining focused on client needs.
